Pre-Preparation Instructions

Jicama yields 89%

Preparation Instructions

Place jicama on cutting board on cut end.

Peel with chef knife, cutting down contour of the jicama.

Cut in half longitudinally (through center of cut end to cut end).

Place wide, newly cut side down on cutting board.

Depending on size of jicama, cut in three to four slices lengthwise.

Keep pieces together.

Place on sheet pan as one piece, slices standing on end.

Set Globe processor at 1/4 to 3/8 inch.

Keeping jicama cut halves together, place in processor hopper and process.

This method will keep jicama sticks relatively uniform and they don't bounce around and get chopped irregularly.

Place 1.75# jicama in each half tub (3.5# per fish tub).

Label, date, refrigerate until transport.

Serving Instructions

One 1.75# half tub jicama fills one salad bar 1/4 pan.
